

SOUTHWEST WASHINGTON

THE OIL INDUSTRY'S SACRIFICE ZONE

Please join us for a forum discussion on the oil industry's plan for Southwest Washington.

What does the oil industry have in store for us? What will EFSEC and the Governor decide? What can you do to help determine the future of our community?

Listen to the people and organizations that are in the middle of this fight!

Learn what steps you can take to make sure that Southwest Washington remains safe, clean, and green.

Vancouver City Councilor Bart Hansen will be welcoming us & introducing the panel guests. Eric de Place of Sightline Institute will talk about the future of our community envisioned by the oil companies & what we can do about it. Eric's presentation be followed by a panel discussion.
